Thanks guys! Well Done

2. May 19th, "Wool Growers Dinner" outing to Los Banos. 26 people have signed-up so far. Call **John Field** or **Carole Thoming** for details
3. 4th of July Parade Committee meeting tonight at **Margaret Trammel's** home. Things are coming together and we should be ready for the Parade which actually be on July 4th this year. Many on the Committee have done this earlier so that helps, a lot
- 4, May 10th meeting will be the Scholarship Program with awards to recipients at our general Tuesday meeting. This helps so many significantly
5. **Jerry Jackman** had a BIRTHDAY, but confessed to us, including requesting, asking to be lead by **Craig Haupt**, the real Kiwanis, traditional version with lots of screaming and histrionics. Your editor's pen shook when **Craig** hit is "high" key notes. **Jerry** was visibly touched with it all!
6. **Craig Haupt** saw the Accura of his dreams and finagled a deal for it. It is a 2016, with only 18,000 miles on it. It is a sport utility. He even has "home delivery" by the dealer to occur this week. All are happy, and his daughter gets the old Ford Escort (no guarantees). Craig gave us a \$10.00 donation for all of that
7. **Jerry Jackman's** daughter came to visit Jerry here with her two young sons. These are the boys Jerry used to babysit when they lived here, so it was extra special.
8. **Jim Mesquit** gave a Happy Buck for just being here. Looks good.
9. **Charlie Nguyen's** son had a Birthday last weekend, #7. A traditional Happy Birthday song probably would have scared him, so we were silent as Charlie's son was present.
10. **John Field** and his "Pickleball" (and life partner) Christine hit the courts. She beat him one out of two games, we heard (?)

11. Dr. Peter Lee, dressed in a mid-nineteenth century British “Coldstream Guards officer (Lt. Colonel Freemantle, as I recall) with bright red with lots of gold trim from top to bottom, plus a black cap with more gold trim gave us a program with photographs of on-the-spot pencil drawings of Civil War battles drawn during the battle by a British officer sent by London as an “observer” to report back to the English Army and Press on newly invented arms and tactics. The union was using “rifled” arms which made the bullet revolve in the barrel which made it go a lot straighter. Much more likely to hit the target.
